KEYNOTES

Leadership DNA: The Makeup of an Extraordinary Leader

In this interactive presentation, Kevin shows students exactly where students can start in fully developing their leadership abilities, living their passion, and effectively leading others. He outlines how it's possible for anyone, from any background, to think bigger than ever before and achieve extraordinary success. Audience members will not only find themselves laughing throughout the presentation, but they will also feel empowered and energized to identify and pursue their own leadership DNA. If you want a dynamic, fun, and authentic keynote presentation that inspires students with a powerful call-to-action takeaway toward their dream, then *Leadership DNA* is your ideal program. You can only live a dream if you have one first!

Proud and Purposeful: THE Fraternal Experience

In this high-energy keynote, Kevin empowers and equips fraternity and sorority members with a renewed sense of motivation, pride, and purpose for their affiliation. Members will be reminded of their "why" for joining and how to take advantage of the countless incredible opportunities that fraternal involvement provides. Kevin's new and inspirational presentation is ideal for Greek Week and various fraternal events. Although he arrived to college as a "maybe joiner," he quickly became a "never joiner." What he encountered during his first year of college, and more importantly why he changed his mind about ultimately joining a fraternity, will inspire audiences to become more engaged, proud and purposeful.

UNSTOPPABLE: Start Smart and Finish Strong

Kevin reveals the amazing stories, leadership secrets, and strategies from extraordinary leaders he discovered through researching his TEDx talk that has been shared with nearly 500,000 people in all 50 states. This dynamic presentation is ideal for students at all levels and will teach them the key ingredients that, when combined, are the recipe for being UNSTOPPABLE both in college and in life! Students will feel empowered about taking their leadership to the next level and developing an action plan helping them identify and attain their goals.

THANK YOU again for coming to College of Charleston! Hearing how you battled adversity to live a dream has inspired me to do the same. You motivated so many of us to 'think differently' and reach for the stars. Your stories were amazing and inspirational!"

College of Charleston

A number of the chapter presidents stopped by my office today to tell me that Kevin's message was EXACTLY what they needed to hear. He helped to light a fire of passion in the students, and I am eager to see the great things that they will continue to accomplish!"
